

TPC COMMITTEE NEEDS

TPC members are not only generous with their dollars, but many help by joining standing committees or contributing their time and skills by working on special projects that crop up during the year. Below is a list of current needs that we hope you will consider as you think about ways you can further contribute to the work of TPC in fulfilling our mission.

This program has the opportunity to be revamped as a part of the strategic plan implementation, so an ideal volunteer would be enthusiastic, creative, and ready to make this program the best that it can be!
